Originally published in London 1933, the author of this book had over forty years experience in breeding and showing pedigree cats. She offers sound advice on: housing, feeding, breeding, maternity, neuters, sex control, stud sires, home treatment of ailments, veterinary notes, English methods of judging, notes and advice on 15 varieties of long haired cats, notes and advice on 16 varieties of short haired cats. This is all supported with pictures and diagrams, and will prove to be an excellent addition to the bookshelf of anyone with an interest in the subject. Many of these earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
