gospel blues with a touch of the new school 13 MP3 Songs GOSPEL: Traditional Gospel, BLUES: Rhythm Blues Details: What would you do if doctors told you that you only have 18 months to live? Well, that is exactly what happened to Danielle Fordham. In 1997 she was diagnosed with a brain tumor the size of a lemon. Danielle pleaded with the Lord for mercy and grace. The Lord heard her prayer and brought her through the surgery with no signs of brain damage. Over the next seven years, she would have two more life threatening surgeries. Doctors were amazed that she was still alive. The miracle of singing, walking, talking -- even thinking was impossible. The portions of her brain to perform these tasks were no longer there. Danielle would continue giving concerts and testifying of the power of GOD until she was called to sleep on Aug.1, 2003. In 2005, Danielle's family fulfilled her lifetime dream, which was to have a solo gospel CD. This CD is Danielle's story in song and in sermon. Listen and be blessed. Thank you. Featuring Elder CD Brooks, Elder Henry Wright, Victor Brooks jr. Tracey Wright, Julie Brooks McKnight, Chris Willis, Ron Dickerson, Donovan Fordham, SINNER
