

## Mp3 David William - One Way Ticket

[DOWNLOAD HERE](#)

Sharply crafted, silky smooth melodies, sublime hooks that quake the soul and warmly sung vocals in the Neil Finn vein. The whole album brims with gorgeous songs and a passionate yet restrained spirit. 12 MP3 Songs POP: British Pop, POP: Beatles-pop Details: UK import..and a great one! Fans of the awesome, heavenly sounds of Neil Finn and Crowded House will absolutely go weak-kneed hearing David Williams "One Way Ticket". Evidence, well much of the entire record but jump down and listen to "Run Rabbit Run" and "One Way Ticket" below. Listen. Its all this wonderful. Fans of Cotton Mather, Kevin Gilbert/Toy Matinee, Squeeze and The Rembrandts will have a similar warm display of deeply-well springed thanks, as well. Why? Sharply crafted, silky smooth melodies, sublime hooks that quake the soul and warmly sung vocals in the Finn-vein. The whole album brims with gorgeous songs, soulful vocals, feather-light rhythms and passionate spirit that is not over-wrought or desperate. Theres a George Harrison-feel on some other songs here, which would explain the fact that "One Way Ticket" is very comfortable in its own shoes. "Edinburgh, Scotlands David William proves he has the pop goods with his extraordinary debut album One Way Ticket. If I didnt know better (and I suppose I truly dont), Id swear this was Neil Finn putting out an album under a pseudonym. Not only does William sound like Finn (at least as much as anybody this side of Shane Nicholson), his songs have the effortless pop grace of Finns best work." - absolutepowerpop.blogspot.com "This is one heck of a gem!! David William not only has a great voice but also backs it up with some great lyrics. The opening track "Now and Then" has a haunting sound almost like John Lennon. Overall the production of the this disc is amazing. The riffs and the lyrics are very catchy and keep you listening from the first track to the last track.!" - Kangar Radio International
