Urban/R&B/ 17 MP3 Songs URBAN/R&B: Soul, URBAN/R&B: R&B Rap mix Details: Born and raised in Chicago - a late bloomer in the music biz, but determined and focused. I am basically a Singer Songwriter and Producer/Arranger/Engineer. Writing is my passion and what I believe in the most, since dreaming is believing, then I am living my dream. I have lost count of my library of original songs, which could easily be around 300 or more. Styles ranging from Urban R&B, Soul, Dance and Pop, Gospel to some all mixed up don't really know what to call it. Most of my professional career is on the playing fields of Japan for the last 15 years. Performing solo (Piano and vocal) live in Night clubs, Hotels, including all sorts of events from wedding parties, outdoor and indoor festivals to showcasing my own original material. Did a little bit of this and that nothing major, but I did help a few Japanese artists debut in Japan and wrote the title song for a Japanese movie called Maybe Tomorrow, a few things to keep my feet wet as a performer and help develop my production skills.
