Imagine the chill factor of ambient music combined with compositional elements (reminiscent of world, classical, rock and jazz) in innovative ways to create soundscapes that promote relaxation and visualization. 11 MP3 Songs NEW AGE: Ambient, NEW AGE: New Age Details: Notes on Fix the Human's "Drift" This creative duo uses wind instruments, keyboards, guitars, real-world sound samples and ethnic drums in innovative ways. "Drift", their debut CD, is an ambient musical journey through a tranquil world. Eleven unique sound portraits, first conceived through improvisation, then further developed compositionally, each one drifting gently to the next, creating a one-hour backdrop to relaxation, massage, meditation, yoga, contemplation or dinner with good friends. Spacey and calming, yet a little exotic, Fix the Human's "Drift" will take you to places you haven't been before, and bring you back the same day. A sound escape.
