

Mp3 Little Beaver - Katie Pearl

[DOWNLOAD HERE](#)

The best Miami Guitar Funk. 10 MP3 Songs BLUES: Guitar Blues, URBAN/R&B: Rhythm Blues Details: Little Beaver was born Willie Hale in Forrest City, Arkansas on August 15, 1945. Young Hale became interested in Blues and guitar at the early age of six after listening to Blind Roosevelt perform in a Maryana, Arkansas juke joint. At the age of seven he was given the nickname Little Beaver by a local Arkansas alto saxophonist because of his two large front teeth. In the early 1960s he moved to Florida and in 1969 he was brought into Henry Stones Miami based TK family by songwriter and producer Willie Clarke where he was signed to the Cat label and was soon heard on most TK recording sessions. One of Little Beavers finest hours was his outstanding self-written recording of Miami Girl in the summer of 1973, followed by his classic, also self-penned, Katie Pearl. Both Miami Girl and Katie Pearl are featured on this CD. In 1974 he took Party Down to #2 on the National R&B charts. Little Beavers unique guitar style has been appreciated by the top musicians in the US. The late and legendary bass guitar player Jaco Pastorius used to hang out in Henry Stones tiny upstairs 8-track studio in Hialeah, Florida to study Little Beavers great guitar riffs.
