

Mp3 Mo Phillips - Homemade

A stewy mash up of folk and soul that sounds real swell in your rocket ship to Mars. 13 MP3 Songs
FOLK: Folk Blues, COUNTRY: Country Folk Details: HERE IT IS!! This album is a selection of recordings done over the last couple of years with various musicians. Wonderful musicians. Top blokes. Champions. It is, as the name suggests, homemade. That is, it is not mastered, is quite lo-fi, and sometimes spotily produced. It is however, a collection of good tunes, that I have found are particularly nice to cook to. I love them, or else I wouldn't let them out of the basement. I have released this lil' collection because I have just built a home studio and have started a new album in earnest. It will be the proper follow up to "The Boat". So consider Homemade something to chew on for the next little bit, for those of you who really dig my stuff. If you don't know my stuff, this is a perfectly good platform from which to jump. But you should also check out "The Boat" at cdbaby.com/mophillips All the best from Down Unda!
