Details: Often the poetry of music lies between the notes and it is this silence that most accurately describes it. Aldoux Huxley once wrote: Next to silence, music is that which comes closest to expressing the unexpressible. Somehow this quote seems to fit "The Circle" very well. The Circle is Richard Tenth CD and most subtle. There is a level of mystery and simplicity in this music that brings one back to source. The music of Richard Ashe has been enjoyed worldwide on radio across USA, Canada, and Europe. This is one CD you can enjoy over and over.
