Americana/Folk/Country 12 MP3 Songs in this album (48:31) ! Related styles: COUNTRY: Americana, COUNTRY: Outlaw Country Details: For thirty years Steve Simmons has listened to the Country music of Willie Nelson, Waylon Jennings, Gram Parsons, Guy Clark and all those guys that put a complete story to music. Those guys that noticed the things that you knew but really didn't think about until you heard it in their songs. For those thirty years Steve traveled the oil field roads, country roads, and dirt trails of East Texas and learned to observe. "There's always something out there to see and to write about, if you're willing to slow down and see it."
