Details: Christine and Shannyn originally recorded this CD in St. Louis during the 08 show. Laughingly called the "Westchester Sessions" they recorded the first laydowns in a stunningly restored turn of the century mansion house in the Forest Park area. Unfortunately due to an unforeseen computer glitch....way to go Bunnie...the tracks were pretty unuseable due to a really really really annoying low mhz buzz. SO... we decided to re-record at the simply fabulous "Word Of Mouth Studios" in New Orleans. About this Album: This record is a bit of a departure from our normal material. For starters, there's only two of us on this recording. Christine and Shannyn wanted to try something a bit different, a bit more vocally challenging, a little more serious. Both classically trained in voice, Christine Shannyn were excited and had a lot of fun recording and composing this album. First came the melody, and then they composed layers around it. So, even though you're hearing 6 part harmony, it's just these two! There aren't any loud crazy bits, and this is suitable for all to listen to! (Of course, there is some silliness on here. We couldn't resist.) The Alphabet Song Traditional, arranged by S.Kelly C.Johnson Twinkle Twinkle Little Star Traditional, arranged by S.Kelly C.Johnson Hush Little Baby Traditional, Lyrics by S.Kelly, arranged by S.Kelly C.Johnson Peace Be With You Hymn, arranged by S.Kelly C.Johnson Ode To Joy Traditional, arranged by S.Kelly C.Johnson Brahms Lullabye Traditional, arranged by S.Kelly C.Johnson Everything Possible Fred Small, Pine Barrens Music Taps Traditional, arranged by S.Kelly C.Johnson Bonus Track - it's a surprise Bonus Track: Just simply the best silliness we could find. That's all! Of special note: "Everything Possible" was a hard song for Shannyn to get through. It took 3 takes and some verrrry long pauses (for tears). We know, it's a bit...tight

sounding. Shannyn says: "This song is so beautiful, it had to go on this album. I hope everyone that hears it, truly hears it. Where would we be if we'd all heard this when we were kids? "
