

Platelet Function

[DOWNLOAD HERE](#)

Part I. Platelet Physiology- Platelet Physiology- Martin Quinn- Platelet Integrins and Signaling- Karlheinz Peter- Platelet Adhesion- Brian Savage and Zaverio M. Ruggeri- Structure-Function of the Platelet Cytoskeleton- Elaine L. Bearer- Platelets and Inflammation- Meinrad Gawaz- Platelet Signal-Dependent Protein Synthesis- Stephan Lindemann, Thomas M. McIntyre, Stephen M. Prescott, Guy A. Zimmerman, and Andrew S. Weyrich- Phosphoproteomics of Human Platelets- Katrin Marcus and Helmut E. Meyer- Part II. Assessing Platelet Function- Platelet Function Studies- Dermot Cox- Platelet Function Under Flow- Jose A. Lopez, Ian del Conde, and Jing-Fei Dong- Pharmacodynamics of GPIIb-IIIa Receptor Blockade- Lisa K. Jennings and Melanie M. White- Prostanoid Generation in Platelet Function: Assessment and Clinical Relevance- Bianca Rocca and Carlo Patrono- Platelets and Prothrombin- Michael Kalafatis, Emil Negrescu, Tatiana Byzova, and Edward F. Plow- Markers of Platelet Activation and Granule Secretion- Alan D. Michelson and Mark I. Furman- Genomic and Proteomic Analysis of Platelets: Clinical Applications- Andrew Maree and James McRedmond- Part III. Clinical Applications- Antiplatelet Agents- Jacqueline Saw and David J. Moliterno- Assessing Platelet Function in Clinical Trials- Neal Kleiman- Index EAN/ISBN : 9781592599172 Publisher(s): Springer, Berlin, Humana Press Format: ePub/PDF Author(s): Quinn, Martin - Fitzgerald, Desmond
