

## Twim Distress (pc Game)

[DOWNLOAD HERE](#)

TWIM DISTRESS (PC GAME) Twin Distress is a game in which the object is to remove all of the blocks from the screen before the time runs out. Two blocks are removed at a time, and must be of the same color. After completing a level, you will be rewarded with a bonus point for every tick left on the clock. For each level thereafter, the time to complete the the level will be shorter. System Requirements: Windows 98, 2000, ME, NT, XP, Vista & 7
