How Harris started with no money, no product, and no list. The never-fail formula that turned his launches into events. Secret techniques that allowed Harris to get the "best of the best", and his biggest secret to getting JV's that no one talks about. A magic formula that allows you to "buy" your way into any interview w/anyone. How to make money before you ever have a product with Harris's "surfin on air" technique. The powerful money-magnet method Harris calls "integration marketing" that multiplies profits like crazy. The one tactic that lets you grab up loads more money than ever before. One action you must have people take before they get on any of your calls. Right about now, if I were you, I'd be wondering how much this coveted information costs... Well, first let me ask you this: how much is it worth to be sure your Product Launch will be successful? Put

another way... if one tip or idea from listening to this interview would make you an extra \$10,000, \$20,000, or more...would you pay \$1,000 to know that information? IF YOU WERE SURE? Of course you would... ... and of course you're smart enough to know this interview isn't going to cost \$10,000 or even \$1,000. You won't have to pay anywhere close to that, and in fact, you'll pay a lot less. Tags: plr, mrr
