

## Mp3 Brad Allen - Unplugged

[DOWNLOAD HERE](#)

Catchy, guitar-driven, acoustic rock. Intelligent lyrics, and a crystal-clear voice reminiscent of Rick Springfield, Jackson Browne, or Billy Joel. 11 MP3 Songs POP: Folky Pop, FOLK: Power-folk Details: In an entertainment world over-run by sterile, computer driven hip-hop, banal country, and gloomy, atonal rock, Brad Allen bravely battles against current trends to create music uniquely his own. Armed with only a handful of instruments, and a set of carefully crafted vocal pipes, Allen creates instantly memorable tunes, with enough hooks to catch Moby Dick. Preferring the silence of solitude to the comfort of company, he hides himself alone in his basement studio, in a small town on the outskirts of Kansas City, performing bass, guitar, drum vocal parts, and capturing his work on his Boss 1180CD digital recorder. He then presents his music to a world absolutely starved for good songs, performing solo or with his band of super-human musicians
