

Mp3 Dave Latham - Fall On Me

[DOWNLOAD HERE](#)

Acoustic-driven Christian rock/folk 10 MP3 Songs ROCK: Acoustic, FOLK: like Ani Details: Dave Latham's release "Fall On Me" released in July 2005 has finally given fans what they wanted...a solo record of original music! After spending several years on the praise and worship side of music, Dave recorded the music that has defined the past few years of his life on staff at Camp Greystone. With a sound that includes driving rock, soft piano ballads, acoustic folk, country, and new takes on classic hymns, "Fall On Me" has something for everyone. Teaming up again with Anthony Gravley from Addeybug Music for his sophomore release, Dave worked with Dale Baker, Chris Ebert, David Dorn, and Brad Phillips to create a well rounded, warm, and inspirational record.
