Details: He is mostly seen lurking in the night, no one knows who he is or what his motivations are. He is ageless as cliché as that seems to be but his crimes are far darker than anyone that could still live with the shame. His youth was filled with treachery and underhandedness, knowing very early on that he was different. He was no vampire but he hungered for the blood of the innocent. He never stole anything nor did he value material goods, what he valued were the lives of the people he murdered and the feelings of agony and fear he imparted into their families. Since a freak occurrence that has created a conflict within him, he has been able to escape this hunger in pursuit of something more. He was taken in by a musician that had come upon hard times and found that he had musical talent of his own. This music is the only voice he has, the voice of Joshua Trenton. Heavily influenced by acts ranging from Nine Inch Nails and Megadeth to Gorillaz and Fallout Boy, this album displays a variety of different sounds, instrumental voicings and vocal stylings.
