Juan Pablo Aguilar (Inspiracion) has been nominated for two Latin Grammys: Best Song of the Year (Entrometido) and Newcomer of the Year (Juan Pablo Aguilar). Please listen to recording and find out why. 10 MP3 Songs LATIN: Tejano, LATIN: Conjunto Details: Hi, my name is Juan Pablo Aguilar. I have been working on a solo project for over two years and it is finally complete. Allow me to introduce you to my album entitled Inspiracion. This song tells of my life on the ranch with my grandma and other family members. My grandma asks me to gather freshly laid eggs from the chicken coop and my aunts all arrive to cook together. These were the happiest times in my life. The other songs are also extremely personal to me. This album is really unique in the way that each song sounds completely different from the other; you jump from tejano to bolero romantico to country. Dedicating many years to the making of this album, I composed eight of the ten songs and my friend, Pepe Aldape, composed the other two.
