Holy man, rivers of tears for years and years and years. I make you my own, no fear, no fear. There's no rest for Wicked. You thought you would get away with it all, but when I left it all exploded in your face, kaboom, now I am in your face.

There's no rest for the Wicked. You called me a cunt, cuz I was so blunt, now where will you go, you see I..I can go too. There is no rest for the Wicked. You can be so mean, I can be so mean. No rest for the wicked..Now your an orphan, don't be so mean... God Complex You thought you would break me. You thought wrong, you thought I would be miserable if you didn't marry me. Oh Mad Love. Why would I marry a mad man, you use everyone to bolster your false religion. Oh Mad Love. Do you have a GOD COMLEX...(bridge) Oh Mad Love. I make my reality, I make my own reality, I make my reality... Hear Sing for the children, I bleed for you. I give but no one listens oh they squeeze me. They won't even know I'm here. They say I am unimportant, nothing I do will ever ever ever matter. They treat me with indifference, and if I die it wouldn't matter. They don't even know I am hear. HEAR!shhh I do it because I love it. It makes me feel so good, I like it when it's a secret. Writting my 15 hundred albums in this cafe..They don't even know I am here. If I have done my job right I will go unnoticed, but society will be better off because of me. Oh I don't need the credit...cuz I don't even know if I am here. I don't even care if I am here...I am the stealth giesha ninja. Go to Hell Fuck anyone who doesn't want to be my friend, it's your loss. Fuck your phycopathic lies, fuck these phycopathic guys, they want me to call them, but I won't give in. GO TO HELL! When you are old, and you've fucked every girl in the world, you will walk the earth, in search of the golden girl. So GO TO HELL! Why are jocks so fucking dumb so easy just to make them come, every jock I know is mentally retarded. GO TO HELL! I won't, I won't, I won't conform to you, I won't, I won't, I won't conform... Can't burn me at the stake I am not nervous I found my purpose, you can't hurt us...I'm channeling so many, you can't burn me at stake. 2007 I'm in heaven, I won't be persecuted for not believing, you can't burn me at the stake! But if the fbi can listen in, every album they can bleed, and if things should change in the future, does that mean I shouldn't write them, does that mean that I should live in fear...of a modern inquisition. Maybe they will like it...just maybe...call it freedom of speech, call it can you believe...light, love, happinessyou can't burn me at the stake! Heart of Trouble In the light of truth, there is no other way but the way of the heart, and love binds in all ways the truth of heart. It's so serious, now I'm in the heart of trouble again. Heart of trouble again..that is where I needed. That is where I am going, that is where they need me and that's where I am headed..in the heart of trouble again. Don't bother telling me my music doesn't do anything for you, don't bother with your judgments or your criticisms even if it's true for you, don't think your wounded mind can make me doubt myself, I don't believe your false reality can test me..no no cuz I am in the heart of trouble oh and that's

where I'm needed, I'm riding into the heart of trouble that's where I'm going, I'm in the heart of trouble and that's where I am needed...where I'm headed. You can say that I'm headed for disaster, you can beg me not to go, but I'm here to tell you baby, I fear nothing, I fear no one, I fear no man, I fear no woman I am headed straight into the heart of trouble. To mend that soul I will go. Fuck you too I hear everything, I hear them all, talking about me like I'm somekind of whore. FUCK YOU TOO. They find me so offensive, I find them so defensive, I just want to live my life. I can't do anything without them, oh FUCK YOU TOO! I get what I want, you can't blame me for trying. You can't blame me for living in a world, you gotta fight for what you are, you gotta lie. But in my song I will be so honest, you want me to die, but I'm still alive so fuck you too, what comes around goes around. Well let me tell you something honey, I'm not done with it, I'm gonna make it bleed real soon. FUCK YOU TOO. Confusion Oh.. what's the use, doesn't matter anyway, you look at me, I look at him, she looks at her and they all want something ing away from love is like a blind man in the heart of sorrow and the sparrow doesn't sing a song for you, the song that no one knew, and noone else will ever know, it's a mad world. She wants you and you want her and they want everything and noone knows it's just the ring, it's just the ring, it's just ladder, and it's always greener on the other side, and noone knows what it took to hide. Oh confusion, oh in the drama of life, oh what are you thinking, what did she mean, what did he do, why did they say that. Oh confusion..noone knows anymore, and the truth is so hard. But the truth will set you free...oh confusion, free from confusion. want to be free from confusion. People who are interested in Ani DiFranco Kate Bush PJ Harvey should consider this download.
