THE ARTISTS Riot is a twenty-three year old female from Louisiana. She started rapping in 2002 when listening to her cousin Verselife mix CD, called Grind II Shine Part 1. By listening to the local artists on it she became inspired to start rapping. So, suddenly she started writing to one of Verselife's tracks and called him later to listen to what she wrote. The track was redone by Verselife recorded with Riot vocals. Since then she has been on Grind II Shine Part 2 and Make Room. The name Riot was something that came to mind and stuck with her. Her style would be described as aggressive and purely raw. Around Louisiana, females do not rap like her or get as aggressive as her. Some of her influents would be Mia X, Gangsta Boo, Eve, Foxy Brown, and any female rapper holding her own. She has been rapping for three years now and already getting a lot of positive feedback. One day she will make a name for herself in this game and everyone know who she is. Lil Savage was born in Houston, TX then moved to Louisiana at the age of 7. In the eleventh grade Lil Savage moved back to Houston to finish high school. Moved back at the age of 19 to start rapping on Grind II Shine Part 2. rapper that are real in the street. Lil DJ is the 16 years old male from Louisiana that started rapping on the Grind II Shine Part 2 Mix CD. He likes to call his style gutta music, which is quickly become popular, nationwide by other Louisiana artists. TLT started singing in a high school in Louisiana. He came to ODUB at an early stage doing mix cd's and free styling. He helped ODUB to reach a different type of audience. His influences are artists with gutter flows and raw talent. M.C.
