There is so much suffering we bear alone, this cd is a musical caress of compassion within reach whenever a companion is needed. 8 MP3 Songs NEW AGE: Healing, NEW AGE: Energy Healing Details: About Pheo Rose: Where does a person go when powerful emotions, often ones of pain, hurt, and confusion, swirl and tumble within. Pheo Rose, even as a child, turned to the keyboard. There, as fingers reached intuitively, expression, release, and a deep inner peace were found. The deeply moving and healing music first tended its composer. As others heard the musical outpouring they came and sat by the piano quietly drinking it in and saying at the end of a piece of music something like, Please dont stop; that piece is so soothing I want to stay in it more. A healing music outreach had begun. Simply one heart reaching for Love through the keyboard, and sharing that with others. For decades the music has been shared in prayerful situations, places of people in need; and many times without anyone to hear it, but it lifted up in prayer for all those who suffered. Beginning in 2007 technology was finally at the quality level for Pheo to record and produce music cds and mp3s. The musical pieces draw from decades of outreach to help ease the suffering. It is not surprising that these cds, with their healing touch, are being used in hospitals, hospices, treatment centers, healing centers, and are sent to individuals as requested. About This Album: This album has been produced to help those who are suffering from any number of reasons or causes. Each piece of music is a caress in response to that suffering, and the very real challenges that are being faced. May the music be a companion when spirits begin to lower. May it be a reminder of how beautiful your soul is, no matter how much distress your mind and/or body is in. Suffering often brings a sense of aloneness. Even with all the care and tending of loved ones, there are times of being alone with the hurt, ache, pain, and suffering. When nothing else can touch the hurt and aloneness, may this music bring relief and peace. This music is your intimate companion, bringing you along a path to Compassion's

Caress. May it always be there for you. There are inner treasures to claim that can be found only through suffering embraced in Love. But such embracing can only be done when peace and acceptance have been achieved. May this music help bring you to such peace and acceptance; and once there -- claim your treasure beautiful soul. People who are interested in should consider this download.
