Fast witty flows over a plethora of sound. Rights, lefts, hooks, metaphors, and punch lines. 14 MP3 Songs HIP HOP/RAP: Hardcore Rap, ROCK: Punk Details: Only one word can describe this artist right here. Bi coastal. Royal T mixes it up like gumbo. Solid as the Rock. Came from nothing, born and raised in the streets of southeast San Diego for 22 years, moved to Texas, found Christ, he's here now. "I just share my relationship with Jesus Christ to others." If you are curious on how that works or what it's all about then there are answers to your questions. If your tired of religion, rules, and regulations then this cd is for you. Think of it as God speaking to you in a language you can understand. The music speaks for itself.
