May 15. 1977, was born an ill minded young artist. The Life, which followed, was one, which caused poetry to Flow through the veins of a poor young man who in his Life has gone through some extremely hard times. Some Speak and admire a life of the streets, others like SINGE have lived and breathed it! Trying to evolve to A business man, focus from pain turned into lyrics of Truth. Some a bit harsh to the ears that hear it and That don't relate. Other lyrics, well, the words of a Sick-minded microphone Demon. From the depths of San Bernardino's brown roots, to the Bay Area the sound and Way of life of DANKMOBB was brought into reality. The oldest of nine children and the determination to Break the chains of a cycle of hell, brings the fuel In which SINGE raises the fires of hell itself! Some Ask to this day, why Demons, hell, and the dark words Which are so often heard. Well for one, reality is What is physically known, which is what is surrounding Us. Life is not a silver spoon for folks like ours, Life is not a college degree, not a big fancy home, so What I do know is what, and how we suffer. With all This in focus, there's only one-way out of this Bullmake bucket, and that's up! From these ashes the Split personality of Carlos A. Arellano, SINGE was Born! So those with doubts, just sit back, you do Yours, we do ours! In 1999 I left California for one Hell of a trip. Enlisted in the Army, and ended up at Ft.Benning Georgia. During my time, all I can do is Think about life and what I really want to do in it. Spending time in

Virginia, Atlanta, Alabama, I've Met the poetry of the Dirty South itself. Being that Since 15 years of age, I've been rapping this was a Chance to do my thing, as well as having fun with our Fellow soldiers. People were actually surprised to Hear a Chicano rap the way I did. With that being Said, I put it down for the bay in a major way! Now I Know exactly what it is that I want! My foot in the Door, and STASHBOX RECORDS to be a real underground Hard hitter. For those who have purchased the first Album, thanks much. The whole thing was actually a Damn karaoke machine, the purpose was for people to Hear the lyrics and the style in which was coming at Them. The new make, a lot more time and digital Recording has made this album "THE EPIDEMIC" an East Bay classic. We look forward to creating more and Interesting sounds to those DANKSTA's who "Blaze em Up, Blaze em up!" This buds for you, so twist it, roll It, smoke it, and enjoy it! SINGE
