Ca, 94141 (415) 341-4876 Monotone is the leader of a group that consists of artist that can hold their own. Each artist in the group is currently working on a solo album. The group album is complete and is not yet titled. Due release date is tentatively slated for early July. Although the group consists of solo artists who can hold their own, Mono is the front man for S.O.S. Mono comes from Lancer Arms, the family where he first learned the skills necessary to be an ill emcee. Mono has a distinctive lyrical emcee sound with the stage presence of a "Busta Rhymes". Mono is the veteran in the group with over eighty live shows under his belt. The most notably would be opening for Dilated Peoples and De La Soul. Lou Slugg is one of the young gunmen in this group. Often referred to as Mono's left hand, Slugg might be the most metaphoric lyricist in the group. Slug comes to the Movement by way of San Diego. Although Slugg is still young he is a lyrical surgeon. Breeze is the most energetic of the group. Armed with a smooth delivery, Breeze has a unique talent for getting his point across. Breeze has made a name for himself while touring across seas in Japan with the R&B group Obsessed. He has been dubbed the "Splif Star" of S.O.S because he brings so much energy and excitement to the group. DJ Ritz is the heart of the live experience. Without Ritz the live S.O.S performances just aren't the same. Ritz is one of the best on the 1's and 2's. He is constantly working on his art form and is always looking for ways to make the people in his group better. He is the goalkeeper and nothing gets by him.
