Michael Hedges meets Beck on a warm Lumen day. 11 MP3 Songs ROCK: Acoustic, ROCK: Instrumental Rock Details: Beautiful songs! This album is for the fan of acoustic instrumental post-rock. The music is well-crafted and thoughtful, with enough pop nostalgia to result in some really beautiful melodies, and enough self-consciousness to provide a sense of the quietly grand. The album's tone is mellow but never lethargic, quiet but propulsive, emotional but not sappy at all. Its just really damn good. Pick this album up!
