

## Mp3 The Reign - Where Jesus Touches The Earth

[DOWNLOAD HERE](#)

From bold and powerful contemporary rock worship to quiet reflection, this is an album to make the voice, heart and spirit sing. 12 MP3 Songs GOSPEL: Contemporary Gospel, ROCK: Acoustic Details: Formed in late 2002, theREIGN are now well established among the premier Praise Worship bands in their area, but their ministry offers so much more than that, and this album, the long-awaited follow-up to their 2003 debut "Sing", reflects this diversity. Several line-up changes in the course of 2004 have subtly altered the band's sound and, in addition to building on their P&W reputation with solid, no-nonsense worship songs like "I Will Love You" and "Song Of Love", "Where Jesus Touches The Earth" takes the band in new directions offering more performance oriented material, reflecting more strongly the band's faith as Christians and how this is lived out in their lives and ministry. Their concert ministry continues to prosper, particularly among young people, and has recently taken them as far afield as Devon and Essex from their base in Hull. The release of this new album is the latest step in their continued vision to get their music out there for the glory of God, and to spread the good news of a life lived with the Lord Jesus.
