Details: Tom Cherry: Born: Honolulu Hawaii I just wanted to bring to everyone a little different kind of sound. I started performing on Maui in 2002 with friends I met around the Island. My first instrument I originally played was the Viola but got bored and taught myself to play guitar. I went from surfing to snowskiing to windsurfing, which landed me here on Maui. My favorite musicians are Robert Cray, Marvin Gaye, Prince, Carlos Santana, Lenny Kravitz and of course Jimi Hendrix. It's hard to name everyone who's music I have enjoyed through the years. I've been performing at clubs and special events on Maui since about 2002. This Cd has a little something for everyone. A little Soft Rock, a little Soft Country, and of course a groove that we all can relate too. The title track "What you talkin about" I feel really sends a message about what our world is going through and how we can try and come together. I hope that you will enjoy this CD. And as I always say, "Life is a Wonderful Thing". Aloha Tom Cherry
