"Secrets of Finding Your 'ONE and ONLY' with Online Dating!" "...Finding The "ONE" Online!" If you are a sexual creature, you can find a meaningful relationship through online matchmaking. If all you are looking for is sex, you will find it. If you want a relationship, there are certain ways to go about it and there are certain ways to not. Don't embarrass yourself. Do things the right way the first time. Gone are the days when parents stuck kids in a room and tried to force sparks to fly. And face it, high school sweethearts just aren't common anymore. People are getting married later in life more now than ever. The Internet has revolutionized dating. Picture this scenario: You see someone who you find attractive. Score one point. You approach them and they seem nice. Score another point. You start dating and think you like them. Another point for you. Then the person's true colors come out... It's a disaster. Lose all points and take a kick in the rear. Who has time for this kind of drama? With online dating, the process is in reverse. Now you can approach a person with certain qualifications in mind besides looks. Do you want a homebody who likes to curl up and watch movies or are you looking for an outdoor type. Just read the profile! By the time you find someone with similar interests, you'll have an idea of what kind of person they are...and

know if they're worth talking to or not. It's efficient dating for the busy person. "It's about time this dating business became efficient!" My guide , "Finding The "ONE" Online!" is a thoroughly researched guide on how to best present yourself and find a meaningful relationship online. It is an amazing guide that you can refer back to at anytime. Here is just SOME of the information you will find inside: Learn why the days of judging people by appearance are over. Understand why sex takes a backseat to many other factors in a relationship. Discover how online dating is just a NEW approach to an OLD tradition. Realize that none of James Bonds' relationships worked anyway... and how that applies to you and your relationships. Understand what you need to stay guarded about when you first get to know each other. Learn 4 ways to tell if someone is lying to you or not. Realize that searching for FRIENDS online can get you the best results. Understand why the line, "This is me whether you like it or not," can come from insecurity and how it affects your image. Understand why putting together a profile of yourself is serious business. Learn when the appropriate time to meet someone in person is and some tips for setting it up. Realize how people can get to know each other before even meeting... making the chances of success even greater! Realize why it's so important that a couple have the same intentions. Discover how to make sure you're on their mind AFTER the date. Understand why the first thing to do is NOT run straight for a "singles" chat room. Learn what makes a good "handle" and which ones to avoid! ex. MEGASTUD! Understand why it's best to plan before you start searching for a partner. Understand why you should be completely honest with potential partners. Learn to keep track of multiple prospects' information without embarrassing yourself. (You: Hi Mary. Them: My name's Sarah.) Find out who should be paying for the first date. It's not who you might think. Discover what is "Charming" and what is not... this may surprise you. Learn how to handle yourself if you're dating more than one person! Learn to pay attention to a few special things when preparing for your first real-world date. Discover why keeping your "options open" is very important to you and any future relationships. Find out what personality type you are and how to use that knowledge for your benefit. Learn the best ways to end a relationship online. And there's MUCH more - guaranteed! "Thousands have now found their match online even though they initially thought it impossible!" Wouldn't it be great to have a special someone right now? It's always exciting when you're getting to know someone new. Talks can go on for hours. There's that feeling in your stomach... and the smile you give yourself in the mirror... With online dating, you don't have to wait around trying to find the courage to talk to someone. You're not going to have to try and hide your nervousness. You will seem calm, cool, and

collected. Now people will be able to see you for who you really are. The Internet is literally the largest meeting place in the world. There are literally tens of thousands of people online, all looking for a special someone. It is completely possible, even probable, that you could meet your next "someone," tonight. People make so many mistakes when trying to meet someone online. And that's natural - it's new territory to most! But I will show you the ins and outs of online matchmaking. You will learn what is acceptable and the correct way to go about things - to make sure you don't end up feeling embarrassed. If you get my guide today, I will show you how to safely and effectively go about finding a meaningful relationship online.
