Dear Friend, It's about that time of year, and I want to make sure you've got the cash you need for the holiday season. Did you know? Most of the TOP successful Internet Marketers that you and I know and have heard of, all have one thing in common: they have their own products! And you should have your own, too, especially if you are really serious about becoming a TOP Internet Entrepreneur in your own rights. Think about it. By having your own products, you can: Sell and pocket 100% of the sales into your merchant account instantly - unlike affiliate programs, there is no need to wait up to 30 days to receive your commissions, and only a fraction on top of that. Own flexible rights over your own products - you can choose to sell your products for personal use only or even offer (Master) Resell Rights or Private Label Rights at 5-20 times the selling price! Decide how your product can be sold - you can offer it as a back end offer, a bonus to another product you are selling, add into your paid membership site, and so on. You can also chop your Info Products into smaller portions like articles for exposure and marketing campaigns. Elect to publish your work offline! And even brand your own name and websites in the process! These Are Just Some Of The Profit-Manifesting Suggestions... BUT YOU GET THE IDEA! However, there is a huge problem. And it's none other than product development. It can be all time- and effort-consuming to create your own digital products. Make the trouble DOUBLE if writing is not your forte. Make it TRIPLE if you're not all knowledgeable at all! And hey, ghostwriting services DON'T come exactly cheap, either. Unless you have the deep pockets, this option is out of the list. Sure, you can purchase the Resell Rights to other people's products... but can you proudly (and legally) call it YOUR own product? I highly doubt that. So, the BEST solution? May I suggest

that you drop all of your product development chores and... Own The \*\* NO RESTRICTION \*\* PRIVATE LABEL RIGHTS To Five (5) Smoking Hot E-Books...
