Praise and Worship designed to usher people into the presence of the Lord. 13 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: Alice J. Jones an anointed prophetic psalmist, songwriter and published author, began her journey in life with a tragically broken childhood. Her new life in Christ rescued from a continual pattern of failure, heartache, rejection, and depression as she experienced the miraculous power of Jehovah Rapha, the Lord God Our Healer. Through her pursuit for wholeness, Alice has come to understand the necessity of a daily personal relationship with Jesus Christ and lives a life surrendered to the hand of Almighty God. It is through this union with Christ that her lyrics and music are birthed and brought forth. Each song, orchestrated in the presence of God, is designed to inspire, encourage, uplift, and enable Gods people to walk victoriously and live in a continual fellowship with their Heavenly Father, whose desire is to shower them with His love and meet their every need. As a Pastor and Motivational Speaker, Alice Jones has traveled the world, delivering Gods Word to thousands of men, women and children sharing with them the Love of the Father and His provision through His Word for life, freedom, purpose and prosperity. As the founder and Executive Director of WOW Women of the Word International Outreach Ministries, Alice Jones takes the message of hope to women of all walks of life through uniquely designed conferences that include: relaxing retreats, dinner dramas, through teaching and preaching the word of God empowering them to rise above their current circumstances and inspiring them to pursue the plans that God has for their lives. Alice Jones released her first CD My House, A House of Prayer and Praise in 2000 and her latest CD My Heart, A Heart of Worship in 2004. Both of these CDs were recorded live and lead the listener into a very unique experience of praise and worship. She has also authored a book The Power of Early Morning Prayer with a mediation CD accompaniment of song and word. She is currently developing her personal

autobiography entitled A Door of Hope which reveals the loving hand of the Father who guides His children through the doors of trouble and failure into the "doors" of purpose, promise and prosperity.
