And Andy is a rock band from Cincinnati, OH and simply put they reach to make music they love and consider worthwhile. When you come to a show, you will have fun because they are high energy and you will be able to tell the difference between each song. Writing the same song over and over is not part of the plan. Mixing up different styles, changing tempos and time signatures is what they do and it helps to define their sound. They manage to incorporate their influences into their sound yet still maintain a unique style all their own. On January 22nd they released their first full length record entitled High Tight and it has been well received by critics and fans alike. "High Tight is a Pop fan's bargain, chocked to the brim with great, memorable songs from start to finish." (Sean Rhiney Citybeat) "Diversity and intricacy of musicianship are found on the CD, from the opening slow-burn, toe-tapping "Waiting" to the infectious second cut, "Leo." It's one of those albums that never lets up. These guys have quickly managed to find their own unique melodic and hard-driving sound." (Rick Bird Cincy Post) It contains the flat out catchy rock songs "Waiting" and "Leo" along with the classic rock twang of "All Wrong" which helps showcase the bands versatility. From straightforward aggressive rock to hook laden pop gems And Andy will not be pigeonholed to a specific sound. Diversity is key to the band and they plan on creating more diverse unique sonic landscapes as they move forward. Regional touring is expected throughout the Midwest this year along with stellar hometown shows with other favorite locals. You can purchase High Tight locally at Phil's, Everybody's and Shake It Records in Cincinnati as well as online at [cdbaby.com/andandy](http://cdbaby.com/andandy).
