New Age R&B 10 MP3 Songs URBAN/R&B: Rhythm Blues, URBAN/R&B: R&B Pop Crossover Details: Success is born in a place called inspiration where it is nurtured by hard work and sacrifice. It goes on to meet patience and persistence to help it through the trials and tribulations. Later on comes determination and resilience to defend against the enemies called "set-backs". This all leads to the opportunity that luck brings to your door. "Knock, Knock". You have reached the right place at the right time. In order to stay there you must remain thankful and humble. You must not forget that you made it because of all of the above factors which represent the people in you life who have helped you to get there. Most of all God. If you forget this part, success will inevitably fade and die in a place called arrogance. This is my CHANCE OF A LIFETIME album I hope you enjoy it as I know that it is the support that we as artist receive from fans/supporters that makes us what we are. So I hope that the support and love continues. I have nothing but love for you all.
