Pop, rock, country, jazz and novelty songs with a summer theme. 12 MP3 Songs POP: Pop/Rock, ROCK: Adult Alternative Pop/Rock Details: Dakota's second pop/rock/country/jazz/novelty CD is a happy summer entry. "I guess you could call this a concept album. I went through my song catalog and selected songs that have a summer theme - songs that are upbeat and have a generally good-humored look at summer. I wrote down a bunch of words like "Hot", "Moon", "Fun", "Summer Love" and made a list of songs. I had to cut a few - which is always hard to do because I have so many songs - but I think these selections give me an overall feeling of having a good time in the summer. "Some may wonder about the song "Christmas Eve" and what in the heck is it doing there? Well, let's just say, she's hot! Besides, I thought it an ironic twist to throw in a song called "Christmas Eve" even though it has nothing to do with Christmas kinda. "I think there are a lot of people out there like me who have grown up listening to all sorts of music from Frank Sinatra to Frank Zappa, from Bach to Bacharach, from Michael Jackson to Alan Jackson. At home I listen to New Age, Classical, Country, Jazz and Pop and, as a result, my composer's pen seems to spew out all of these styles, too. So what am I as a composer? A montage. A collage. A mish-mash? Whatever. Wherever the muse calls, I follow. Dakota also has classical and children's music on CDBABY with more releases on the way. People who are interested in should consider this download.
