

Mp3 E/c/o - Multiverse Emotion Affect

[DOWNLOAD HERE](#)

It's a strange mix of techno instrumentals and unclassifiable electronic piano rock with a unique vocal style. 18 MP3 Songs in this album (37:38) ! Related styles: ELECTRONIC: Techno, ROCK: Retro-Rock
Details: My name is Eric Osmond and E/C/O is my solo-project (also my initials, E/C/O is pronounced 'echo'). Everything is made from scratch!...but its all done by me alone, the recordings and everything, (except for on a couple songs there were a few exceptional guitar tracks and drum tracks done by very talented friends and family, but without those things... I'm not afraid to say) it was all hand stitched by yours truly. ;) Every other song is an instrumental (hope you like techno) and the songs in between those are songs that people who have listened, label it as unclassifiable piano rock, (I'm guessing they call it that because of the unique voice style that i use). I spent a very long time studying different ways to demonstrate what I would like to accomplish and I believe I have achieved my goals! So just listen to the tracks either here, or on my myspace page and let me know what you think! (not to mention there are plenty of copies to purchase that come with *all 18 tracks and *a unique 8 page booklet with a deep fictional story that involve all the track names and their backgrounds!) Enjoy! -E/C/O
