URBAN/R&B: R&B Pop Crossover, POP: Pop Details: FOREVER WISH was formed in the spring of 2008 by Judge Fad Wilson in Houston, Texas. The group consists of three young ladies, Briana, Sherina and Alex. They are all high school seniors and will be graduating in 2009. Since their formation, they have been working on their debut album and performing locally. Their music is a creative blend of Pop-R&B-Hip Hop. Their desire is to reachout to the broadest possible audience, while remaining true to their vocal abilities. From their laid back ballads to their smooth mid-tempo songs to their high-energy dance songs, they work so well together that they are able to compliment each other vocally by sharing the leads on many of their songs. MEET FOREVER WISH ALEX, 17 years of age, is a high school senior and will graduate in 2009. She has worked very hard at becoming an accomplished vocalist and by anyones standards she has succeeded. However, her quest to get even better is evident at each practice. Her willingness to rehearse for as long as it takes to accomplish what needs to be done is a tribute to her desire to be the best. BRIANA, 17 years of age, was born in Beaumont, Texas. From the time she can remember she has always wanted to excel as a singer in the entertainment industry. Even with a tough rehearsal schedule with the group "Forever Wish" she still finds time to participate in her second love "cheer-dancing". She will also be doing some choreography for the group. SHERINA, 17 years of age, was born in Brooklyn, New York, but relocated to Houston, with her family in 2000. She attends Pearland High School and is a senior. Her goal for most of her life has been to be an entertainer. She is an accomplished singer/dancer and puts both of those talents to use in the group "Forever Wish" Tags: pop
