JAZZ: Smooth Jazz, JAZZ: Acid Jazz Details: Jason Weber has been playing sax for over twenty years. After earning a Bachelor's degree in music performance from the University of Wisconsin in 1994, Weber led an award-winning contemporary jazz group in southeastern Wisconsin. Weber's first solo CD, '1st AVENUE', achieved national recognition by making it to the final round of Musician Magazine's 1997 Best Unsigned Band Contest (top 25 of a nation-wide 3,000 entries). Although relatively new to the San Diego and Los Angeles music scenes, Weber has quickly made his presence known as an incredibly gifted performer capable of moving audiences not only with finesse, but also with his unbridled passion and intensity. This versatility allows Weber to perform virtually any style of music in any setting. Consequently, Weber is in great demand as a sideman and for recording sessions when not performing with his own group. In the past few years, Weber has taken his talents to perform with national recording artists such as: Gerald Albright, Everette Harp, Nathan East, Ray Fuller and Steve Ferrone among others.
