Eleven lyric, highly intimate stories are told through psychedelic rock riffs, moody pop songs and alt-country laments. With 'Five Challenges to Flight', Julia Francis has written, sung and produced her first album, and she is ready to tell you a story. 11 MP3 Songs POP: Folky Pop, ROCK: Folk Rock Details: Driving rock confessions, country-infused lullabies, and inspirational folk anthems deliver a diverse cast of characters in 'Five Challenges to Flight; the seductress in 'Metropolitan' lives in harmonious contrast with the hopeful child in 'Seal Baby'. The songs here are lush and warm, supported by strings, piano, Hammond B3, Wurlitzer, guitars, celeste, clarinet, flute, trombone, and of course, the ocean. Julia Francis' voice will most likely sound familiar to you, but you'll have a hard time thinking of anyone she sounds like: she's an original. Well respected for her live performances, Julia's flirtatious, heartbreaking and bold storytelling is well represented on this, her first of many records. All sales from 'Five Challenges to Flight' will be donated directly to the Red Cross Hurricane Katrina relief efforts.
