Power melodic songs with Beatlesque overtones make this a great pop/rock album. 12 MP3 Songs POP: Pop/Rock, POP: Beatles-pop Show all album songs: Never Going Back Songs Details: Larry Killip is "Never Going Back", play that one first. Then maybe play "I Wanna Be Free" and listen to Larry's 1968 Goldtop Les Paul. Both songs are completely different which pretty much sets the tone for the rest of the album. Larry lives in New Zealand and writes and produces pop/Rock stuff with Beatlesque influences. Larry Killip has been a stalwart musician/songwriter long enough to claim "veteran" status, along with a recording history that stretches back to those little round black things. No longer under any pressure of "trend", Larry writes and produces music that is refreshingly accessible, melodic with an edge. Flavours range from 80's Santana through Beatlesque pop to Celtic anthems, all on the one cd, defying the premise that all tracks on a cd should be in a similar vein. "Never Going Back" is an interesting mix of eclectic power melodic pop songs, and with Larry's unique vocal style this combines to make it a great listening album as the following comment indicates: "I just totally dig your power melodic style, you get my vote for "5th Beatle" -Michael Joly This is Larry's third album release, recommended highlights are, the wonderfully retro "I Wanna Be Free", the McCartneyish "Singing On A Rainy Day", the haunting tones of "Waterfall", or the lyrical advise of "On The Wings Of Love".
