An acoustic pop-rock song that captures and gives a voice to the global community's cry for peace. 1
MP3 Songs POP: Pop/Rock, FOLK: Folk-Rock Details: Rick Clifford has written an incredible song with powerful words that we feel captures the mood of the world. The lyrics are accompanied by acoustic guitar in the beginning building into a dynamic climax of electric guitar laced folk rock with an uplifting chorus that defines what people are feeling. Special thanks to Motown artist Darryl Buchanan for his guest appearance. We are supremely excited about the support and acclamation that we are receiving over this release and cannot tell you how much it means to us! Remember though, we are not doing this just for us. We are doing this for the victims of violence everywhere. But we cannot change things by ourselves it will take more than just our team. We need all of you to help support this project in any way you can. There are several ways that you can help us. First and foremost is through exposure. We need to get these disks into the hands of as many people as we can. The more exposure that we can get, the more minds we can change, and the more lives can be saved from needless death. We don't need heroes to die in battle as much as we need heroes to live on as fathers and sons, mothers and daughters, doctors, teachers, friends. Those that have the courage to sacrifice themselves for the good of their brother, these are the men and women that we desperately need to live. Peace is not a new hope, it is not a new idea, and it is not impossible. It is a process, a mental attitude, and a goal. It will never come to the lazy, or the arrogant, but to the vigilant and determined. Let us band together, a strong and united front, to tell our leaders that we want change. Let them know that we want a new direction, and a new goal. Let them know that we want peace. We feel that it is important to let you know that for now 10% of what we make off of the CD sales will go to benefit veterans. We hope, in the future, to make it 20%, but it will take some initial sales first. Thank you for partnering with us in this movement for peace! We will keep

updating you as we have new and exciting opportunities to promote peace. People who are interested in Bruce Springsteen Neil Young John Mellencamp should consider this download.
