Reviews: Hi Serenity, I want to let you know how much we enjoyed your music. You have the most beautiful voice in the world. It really adds to the Sabbath day to listen to it, it is so relaxing. Thank you for sharing it with us. Keep it up! Thank you. Arne Cleo Aho. Serenity, I am so happy to have been introduced to your music. I have had a difficult time finding music that I like to listen to on the Sabbath. I do like some classical but I find it hard to "get in the mood" to listen too! Your beautiful voice along with the soft music just fill that void I've had for so many years. Thank you so much for your inspirational CD's. Neil Whitehall
