American Folk Rock 12 MP3 Songs FOLK: Power-folk, POP: Folkly Pop Details: SONIC SEASON
Founded in January 2001 May 2001:Finals of a European newcomer-contest January 2002:Debut-album
"INDIAN SUMMER"; local charts December 2003:long player IDAHO; breakthrough in Luxemburg:
"Showtime", Idaho" und Like it" 6 months in the charts of Luxemburg, at Radio DNR No 1. It contains 11
originals and an emotional interpretation of "History of us"/Indigo Girls. Many lyrics and melodies of the
album IDAHO were inspired by marking experiences and impressions during several stays of the lead
singer and song writer Sonja Hewer in Idaho/USA. Her folk songs, written on acoustic guitar, develop the
typical sound of SONIC SEASON by being arranged by her and the 4 other musicians. Many different
music influences of the band members find their expression in the arrangements. At the beginning of 50
minutes "IDAHO", you'll hear a rock-pop sound. An opening intro full of tension and an expressive verse
lead to the chorus of "Showtime", which makes you sing along. This kind of fast songs (Showtime, Like it,
I am free, Point of view, I'm alright, Doubts) exchange with strong ballads (Thin Line, Variety Show, All
with you, History of us) and the latin tune Weirdo. Remarkable are the strong and individual voice of the
lead singer and great vocal harmonies. The melodic and dynamic compositions make you listen to the CD
all over again without getting bored. Nov. 2004:SONIC SEASON win the German Rock Pop Award 2004/
category folk rock and 3. place in song writing and singing. Many live concerts with TOTO, Chris De
Burgh, Manfred Mann's Earthband, Foolsgarden, Alphaville, Fury in the Slaughterhouse, The Levellers,
