Fun to listen to; Country folk with an edge, Americana. From train robberies to ballads about chicks on the beach. What's more American than that? 12 MP3 Songs ROCK: Americana, FOLK: Folk Pop Details: The Cole Younger Band has been playing in the Newark, Delaware area since the early 1980's. "Younger All The Time" is made up of 12 original tunes, and original music is where the band's passion lies. John Pollard started the band in 1980, and the band played the local bar scene in the Delaware-Maryland area until the mid 1980's. In early 1998, after a couple kids and missing the music, John re-formed the band incorporating the talents of Sue Bookman on bass guitar and Joe DiGiacomo on keyboards. Rich Roenne on drums and Chris Benjamin on lead guitar complete the line up. John Pollard composes most of the original music with the band contributing heavily to the arrangements. "Younger All The Time" was recorded at Target Studios in Elkton, Maryland and was produced by the legendary Marc Moss. I believe you will enjoy this CD.
