

Mp3 The Rodents - Sometimes

[DOWNLOAD HERE](#)

Multi influenced, brilliant vocal and guitar harmonies 13 MP3 Songs POP: Power Pop, ROCK: 70's Rock
Details: The Rodents are a guitar band from Glasgow Scotland. They offer a talented alternative to the worldwide epidemic of manufactured and over hyped bands. They're original live set of multi-influenced power pop features brilliant vocal and guitar harmonies which has taken them through a lot of credible gigs and live radio shows throughout the uk. During a recent radio promotion in America their album was featured Cd of the week on Radioiorock, artist of the week on the Radar (Xm satellite radio) and charted In FMQB top 25 albums alongside acts like Sonic youth, the Killers, Franz ferdinad, and Morrissey etc. They also had extensive radio plays throughout America from Dj's such as Dennis the Menace. Their aim is to continue working hard for recognition.
