Some of Madison's most talented performing songwriters have come together to create "Madison for World Health", a fundraising compilation of original music from 9 different musical styles themed around the epidemics of HIV/AIDS, Malaria, Tuberculosis. 13 MP3 Songs in this album (49:22) ! Related styles: POP: Pop/Rock, HIP-HOP/RAP: Hip Hop Details: This project is a collaboration of Madison area artists, businesses, students, and community. We believe that when we UNITE... ...average, everyday Americans can show they care and help those struggling far away, as well as at home. ...even locally successful artists, through their craft, can help people afflicted with diseases in other countries. ...our unique, creative together to reach out, good things happen. Let the following facts inspire you to help as they have inspired us: * Approximately 3,000 people die from malaria each day in Sub-Saharan Africa, most of them children. * Over 250,000 children die every year of TB. Children are particularly vulnerable to TB infection because of frequent household contact. * More than 13 million children under the age of 15 have been orphaned by HIV/AIDS, and this number is projected to double by 2010. Our award-winning artists on this project have written moving, rich music that you will enjoy while making an important contribution to this help effort. 100% of all proceeds from CD sales support The Global Fund and The AIDS Network to fight the epidemics of HIV/AIDS, Malaria, and TB.
