

Multistate Gtpase Control Co-translational Protein Targeting

[DOWNLOAD HERE](#)

This book demonstrates how two universally conserved guanosine triphosphatases in the signal recognition particle and its membrane receptor maintain the efficiency and fidelity of the co-translational protein targeting process essential to all cells. EAN/ISBN : 9781441978080 Publisher(s): Springer, Berlin, Springer US Format: ePub/PDF Author(s): Zhang, Xin
