Old school songwriting rhythm and blues, heavy on the blues: Soulful vocals and passionate lead guitar with grooves ala Stax, Skynyrd, Joe Cocker and The Band. 12 MP3 Songs BLUES: Rockin' Blues, BLUES: Rhythm Blues Details: When Danny first asked me to write something for this release, I was excited. I wanted to find the appropriate words to describe him, but all of the good words have been overused have lost much of their impact. There are just glitzy descriptive text that we overlook when trying to find the reality of the story. Danny is not glitzy; he IS the reality of the story, and understanding that helps you to appreciate him even more. On stage, Danny's confidence lust for fun creates an excitement I'd be hard pressed to describe. Few artists reach this level of entertainer, Danny has practically authored it himself. The stage becomes a catalyst for a collective consciousness amongst band members and listeners alike. You can feel what he is creating as much as you can hear it There is a magic to Danny's personality. It's the kind of magic that can be felt when you hear his music, watch him perform, or just shake his hand. When such a genuine true person decides to share himself with the world, be it through music or friendship, there is a positive and uplifting sense no one can reject. Everyone walks away just a little bit happier. So now as I reflect on appropriate words to describe Danny Eyer, I realize that it can't be done. Words don't describe Danny. Experiencing him does.
