Mp3 Hot Bitch Arsenal - Everytime Is The Last Time

DOWNLOAD HERE

Soul smashed up with electronica - sultronica. 18 MP3 Songs in this album (78:18)! Related styles: ELECTRONIC: Trip Hop, FOLK: Acid Folk People who are interested in Massive Attack Beth Orton Portishead should consider this download. Details: some listener reviews of the hba from amie street: If you like music that feels "dreamy", you'll love this one. Awesome female vocals and a smooth, warm atmosphere make this song a must have for anyone looking for a soothing musical experience. - skeptical hba just like i love, delicate instrumentation, not too fast paced so her voice has the room to swing and play with the rhythm of the words, nice melody. damn, i love her voice ... - cramyavab A great sound, with a very talented vocalist, and a great chill-out ambient beat. - zzzzrByte Low-key trip-hop beats and HBA's trademark gorgeous female vocals...gotta love it! :) - heykiddiego This is a great tune and despite the fact that I will earn little if no credits for this rec. it is throughly worth my endorsement. Every home should have this tune as should every mp3 player and bar. Still my favourite amie street discovery. very very cool - sable6 A sweet, gentle song of encouragement and acceptance. Great understated lyrics" - sshomi I fell in love with these vocals. I'm a huge electronica fan, in it's own right, but there's the indefinable quality of both a great ear for beats, and a smoky, sultry voice, that makes this something between jazz and electronica in all of the good ways. I love all things HBA - genignored
