"Blues driven stylings a la Dylan and Cash - gutty and heartfelt - a must for any blues lover," Rick Hurd, B.C. Rich Guitars. Ian draws from the rich traditions of folk, rock and blues to produce music that reaches us all without pop production. 11 MP3 Songs BLUES: Acoustic Blues, FOLK: Folk Pop Details: Jeans Cafe is an all-original album featuring Ian and his daughter Rhiannon Spafford. Rhiannons guitar, supporting vocals and lead vocals on tracks such as Most of All and Slip Me Your Hand are strong, clear and belie her 16 years. Ian adds Jimmy Reeves-style harmonica to a number of the songs, without over-burdening the tracks and detracting from the lyrics. This singer/songwriter has developed his music and own unique style over decades of travel and performance, ranging from Germany to Korea, and coast to coast in the U.S. Jeans Cafe reaches across time from back when the Beatles were still the Beatles through the Cold War of West Berlin and into the future of Down the Road with songs that will strike a chord with listeners of every age and background. Fans of Dylan, Cash, Zevon, Prine and Dire Straits also enjoyed this album.
