

Mp3 Island Ed's Lil' Isle Ditties - Kids/family: General Children's Music

[DOWNLOAD HERE](#)

Children's music with an Island twist. 12 MP3 Songs KIDS/FAMILY: General Children's Music, WORLD: Island Details: In order to fulfill a demand for traditional Island music, the steel band combo Island Eds Steel Drum Band was born. The combo, composed of four graduates from Miami University, specialize in authentic Island music rooted in traditional Trinidadian, Latin American, and Brazilian styles. The ensemble is comprised of steel drums including a lead pan, double tenor pans as well a rhythm section of bass guitar and drums. With over 25 years of combined steel drum band experience, their unique Caribbean music has entertained crowds ranging from private parties and wedding receptions to corporate events and festivals. Our reasons for recording Island Eds Lil' Isle Ditties. After witnessing the way children react to lively energetic music, Island Eds Steel Drum Band began looking into the idea of recording music for children. Each member of the band is either a father, uncle, or a relative to small child. It was decided that the Island Ed Steel Drum Band would focus its collective talents into music that our children and all children could enjoy. In addition to childrens enjoyment, Island Eds Lil' Isle Ditties has been designed to educate and expose children to world music in a fun and unique way. Complex rhythms and melodies altered to fit a Caribbean style are quite stimulating, and their familiarity with the well-known childrens songs makes it an approachable experience. Please enjoy this CD and look for future releases from Island Eds Steel Drum Band. Island Eds Steel Drum Band is: Island Ed LeBorgne Joey Shults Chris Herrmann Brad Rosser
