Great continuation of the first album. 12 MP3 Songs FOLK: Folk Pop, POP: Folky Pop Details: An accomplished acoustic singer/songwriter from East Stroudsburg, Pennsylvania, Jeni Hackett has been spreading her natural folk vibe to all ages. After starting out locally in their hometown, she has since branched out to a larger area, which has formed a following that now spans across most of the entire eastern part of PA, in only four years. Jeni's sweet melodic voice combined with the gentle strum or picking of her guitar creates a very colorful picture that is painted with her own thoughts and reflections of the world. Her ability to tell a story in a traditional folk manner coupled with her original melodies linger long after she has finished performing. Her original tunes make her a natural performer that any audience can appreciate. The CD provides a full band arrangement switch to her live folk sound.
