Jim is the creator/composer of the "Dark Ambient" podcast, which has ranked as high as number two on the Itunes Ambient Podcast Rankings. Jim wanted to make a full length, one-track CD that can be played for relaxation, or when music is needed that is not intrusive to the surroundings. This music is perfect for meditation, or during work (used with headphones). Deep Energy also works to relax the mind at night for a restful sleep. It is his pleasure to present the digital download of this 65 minute soundscape for only \$1.00, or a physical copy for just \$6.00. People who are interested in Steve Roach Robert Rich Liquid Mind should consider this download.
